PROFESSIONAL EXPERIENCE

Accenture India Pvt. Ltd.	Jan-14 to till date
Software Engineering Associate	

Sprint Corporation	Feb-17 to till date
---------------------------	----------------------------

Sprint Corporation, commonly referred to as Sprint, is an American telecommunications holding company that provides wireless services and is an internet service provider. It is the fourth largest mobile network operator in the United States, and serves 54 million customers as of October 2017. The company also offers wireless voice, messaging, and broadband services through its various subsidiaries under the Boost Mobile, Virgin Mobile, and Assurance Wireless brands, and wholesale access to its wireless networks to mobile virtual network operators. The company is headquartered in Overland Park, Kansas.

I am working on a Retail application which would enable Sprint Sales-persons to sell the devices and plans with much more easier, interactive and faster way. The application is created to Run in IPads and Payment is also handled using Verifone device attached with IPad.
