Project Description

[1] Project Title: - AMUL AMCS

Environment/Technology: - (Web and Desktop based Application, Android & IOS Amul Farmer app) Visual Basic 6.0 Windows Based Application, SQL Server

Team Size: - 5 Developers and 2 QA-Engineers.

Prompt AMCS (Automatic Milk Collection System) is a genius solution to automate the entire milk collection process making it efficient, transparent and less time consuming. AMCS system incorporates complete solution right from capturing weight, measuring Fat & SNF level and it involves whole Dairy Accounting. Android & IOS Farmer App is Mobile application which gives message and notify farmers for his milk collection.

[2] Project Title:- NDDB

Environment/Technology: - (Desktop Application)Java Application, MySql

Team Size: - 4 Developers and 2 QA-Engineers.

9 successfully used NDDB Application .NDDB Application is one type of milk product application. NDDB Application process is data is synchronization to National vise versa synchronization process. NDDBAMCU (**Association of Mine workers and Construction - Union**) is a genius solution to automate the entire milk collection process making it efficient, transparent and less time consuming.

[3] Project Title:- Kriya

Environment/Technology: - Web based application, Netbeans

Team Size: - 3 Developers and 1 QA-Engineers.

Manage all business processes on one platform. The perfect BPM solution to prepare your organization for digital future. Deploy smart and Powerful applications in minutes from library. The super simple process automation platform to double your productivity.

[4] Project Title:- ACQUIRE

Environment/Technology:-(Web application and Android)Java

Team Size: - 5 Developers and 1 QA-Engineers.

Acquire product it has multiple module for communicate between user and agent In chatbot. Automating response get as per the user query and question in Bot. It allow to see user screen and help out them in Cobrowse. User can coordinate via audio and video call for using Audio/Video call. VoIP Coordinate using phone number. Chat chat user and visitor vise versa.

SKILLS

- Good knowledge in various phases of Software Development Life Cycle (SDLC) suchas Requirement Analysis, Design, Testing and Deployment.
- Having Exposure in using Defect tracing tool like **BTS, Mantis**.
- Basic knowledge **J-meter** for load testing.
- Good Exposure of Database Testing.
- Experience in Functionality Testing, Hardware Testing, Regression Testing, Integration Testing, GUI Testing, Installation Testing, Compatibility Testing, Security Testing, System Testing.
- Experience in mobile application testing.
- Good knowledge of Data Synchronize.
- Experience in Client communication.

Manual and Automation Software Testing

- Created test plans.
- Writing test cases for - Unit level, Functional testing.
- Making Bug Report.
- Effective defect tracking and reporting to improve communications and reducedelay.
- API Testing : **Postman, Swagger**
- Functional and Automation tools : **Basic of Selenium (Web Driver, TestNG, Maven,Cucumber). IntelliJ and Eclipse**
- Bug Management & Tracking tools : **Jira,Bugzilla,TFS**
- Test Management Tools : Testlink

Below kind of Application I have Tested

- Desktop Application Testing.
- Web Application Testing.
- Mobile Applications Testing (Android).
- Web Sync & Service Testing.
- Milk Product Testing.

Education

Pursuing Bachelors in Computer Engineering from Universal College of engineering, GTU.

Qualification	College/University	Passing Year
Bachelors in ComputerEngineering	UCET, Gandhinagar (GTU)	2016 (6.12 CGPA)
Diploma	RCTI, Ahmedabad (GTU)	2013 (6.48 CGPA)
SSC	GSEB	March 2010(73.69%)

Personal Profile

Full Name: Javal Dinkerbhai Surti

Date of Birth: 17/09/1994

Sex: Male

Marital Status: Single

Languages Known: English, Hindi and Gurjarati

Permanent Address: M-59/704 Chitrakut Appartment,Solaroad,Ahmedabad,Gujarat,380063

Declaration:

I hereby declare that the above mentioned details are true to the best of my knowledge.
