**Manual Testing | automation testing | Functional Testing | Regression Testing | Java | Selenium | TestNG |
Cucumber | POM | Hybrid Framework | Data Driven Framework | SQL | Unix | Maven | API Testing using postman**

OBJECTIVE

I look for an opportunity where I can focus on a challenging career in an organization which give me a scope to update knowledge in every step., grow as a software test Lead with both technical and business expertise and contribute effectively to organizational goals.

PROFESSIONAL SUMMARY

4.8 Years of experience in Manual and Automation Testing including Functional, Non-Functional, Globalization, API Testing using POSTMAN, Automation Testing (Selenium Web driver with JAVA) and Very good Experience in Telecom Domain..

PROFESSIONAL SNAPSHOT

- A very skilled IT professional having proven experience in **Software Testing over more than 3 years.**
- Having **4.8 Years** of overall test automation using **Selenium Web Driver, TestNG, Cucumber with the help of java platform.**
- Having Good knowledge of **creating Hybrid framework with the help of Page object model**
- Have hands on **Test-NG Framework** with report creation in Test-NG & running failure test cases.
- Have good hands on **Data Driven testing with excel to store input data & use it in running test cases.**
- Good Knowledge about **POM design pattern.**
- Experience In different types of **Data driven framework, Hybrid Framework and BDD Framework.**
- Good Knowledge about Maven with adding dependencies in **POM.xml file.**
- Well acquainted with **Software Development Life Cycle, Software Testing Lifecycle, Concepts and Methodologies like GUI testing, Regression testing.**
- Expertise in **Java language.**
- Experience on working **Test NG, Junit and Maven**
- Have hands Database Testing in **selenium**
- Have knowledge of **Bug/ Defect Life Cycle.**
- Experience in **API Testing using Postman and Rest Assured.**
- Have good knowledge about **SDLC & STLC.**

- Good knowledge of , **CORE JAVA, SQL**
- Proficient in **Manual Testing, Functional Testing, Unit, Integration, Regression & System Testing.**
- Good knowledge of CORE JAVA, SQL
- Proficient in Manual Testing, Functional Testing, Unit, Integration, Regression & System Testing.
- Experience to work independently or as Team player with Good Communication and Presentation skills.
- Ability to understand and adapt to New Technologies and Environment.
- Able to Deliver projects within tightest deadlines while maintaining the quality.
- Have worked in different roles and responsibilities in Software Testing projects.
- Have a good hand on **Exception handling & File Handling on Core JAVA platform.**
- Have a hand on **Synchronization, Serialization & Reflection API in JAVA platform.**
- Expert in **ORACAL-10g & Have good hand on SQL Query.**

TECHNICAL SKILLS

- | | | |
|-------------------------|----------------------|---------------------|
| • Manual Testing | • Automation Testing | • API Testing |
| • Database Testing | • Selenium WebDriver | • Java |
| • TestNG | • Cucumber | • Page Object Model |
| • Data Driven Framework | • Hybrid framework | • BDD Framework |
| • Postman | • Rest Assured | • Git-hub |
| • SQL Queries | • Unix Commands | • JIRA |
| • HP ALM | | |

Education Details

Completed Bachelor of Computer Engineering from Pune university with first class

CAREER SKETCH

Veltuz Software private limited

Software Test Engineer

From March 2018 to till date

Project Name: CRM and Billing System

Client: Opticomm USA

Domain: BSS Telecom

Description:

Monitoring the telecom network, troubleshooting and problem solving in NOC. Duties include verifying GSM/UMTS nodes are alarm free, documenting work orders, testing, halting and restoring traffic, traffic analysis. Testing interconnection between the nodes. Working with Multiple GSM/UMTS and OSS Platforms - Ericsson, Alcatel, Agilent Technologies, etc. Working under pressure and in multi-tasking environment with different OAM/OSS and testing systems.

Role and Responsibilities:

- Analyzing of Business and Requirement Specifications. Designing Test Lab and formulation of Test Strategy, Test Plans Performed functional testing to identify various critical points in the application and automated it by using Selenium webdriver.
- Helped to define and analyze the test requirements based on the application functionality.
- Performed user story validation including the use of exploratory test methodologies .
- Identified test cases to automate, prioritized suitable candidates for automation and automated test cases using Selenium WebDriver, JUnit and Java.
- Developed test code in Java language using Eclipse and JUnit framework. Worked on Cucumber and to write acceptance tests for web application.
- Used Cucumber for regression testing and functional testing with Selenium as primary tool to the Test Scenarios, Test Cases and Test conditions identified.
- Developed the automation framework using Selenium and JUnit for functional testing , Smoke Testing,Regression Testing.
- Performed functional testing, regression testing and End to End testing of the new releases in Workplace Engagement.
- Configured Selenium WebDriver, JUnit, Maven tool and createdselenium automation scripts in Java.
- Performed extensive Cross Browser Compatibility testing on various web browsers like Internet Explorer, Mozilla Firefox and Google Chrome
- Involved in preparing a report of all automation difficulties and test results for further application using Maven.
- The entire Java scripting done using Cucumber framework Wrote and executed SQL queries to verify the data updates to various tables and ensure data integrity.
- Tested compatibility of application for dynamic and static content under various cross browsers using HTML ids and XPATH, CSS in Selenium.
- Used Maven as the build tool, GIT for version control, Jenkins for Continuous Integration and JIRA as a defect tracking tool.
- Aggressively pursued the resolution of high level defects in the project to facilitate smooth functioning of the test execution

PERSONAL DETAILS

- Date of Birth : 27 May 1993
- Languages known : English, Hindi, Marathi
- Nationality : Indian
- Marital Status : Married
- Permanent Address : C510, The village, Lohgaon Pune 411047
