SKILLS AND TOOLS

SKILLS

NodeJS, Swagger, MongoDB, SQL Server, C#.net, .Net MVC APIs, Video Editing, Blogging

PROJECT

Tally APIs

It is built to solve the problem of Tally data not integrating seamlessly with any third-party Applications. TAPI helps to solve this problem with the APIs becoming a bridge between Tally and any Third-party Applications.

Technologies: Nodejs, ExpressJS, Javascript, MongoDB, Swagger, AWS, JWT Auth

SF Connect APIs

It is used to communicate salesforce to livekeepong CRM. It helps to sync data from mognoDB database to salesforce. You can create, update and delete records from livekeeping database using sf connect APIs.

Technologies: Nodejs, MongoDB, ExpressJS, Javascript

PPM APIs (Community App)

PPM - Digital Samaj is a platform to keep your community connected and reachable from every corner of the world. It keeps you updated with all the members, news, and events and helps easily find marriage eligible candidates around you.

Others

I have also worked on accounting software, POS software, community apps related REST APIs, social media APIs etc.
