### Professional Experience

01/2021  
Ahmedabad, India

#### Node JS Developer

*Solulab Inc*

- Conducted research, gathered information from multiple sources and presented results.
- Playing the role as an individual contributor, following best practices, and maintaining coding standards.
- Communicating technical issues in an understandable manner to the team.
- Used critical thinking to break down problems, evaluate solutions and make decisions.
- Proved successful working within tight deadlines and fast paced atmosphere.
- Used coordination and planning skills to achieve results according to schedule.
- Testing to identify bugs and technical issues before and after deploying.

### Projects

04/2021 – present

#### DLCC

*Node, JavaScript, Express, MongoDB, Socket.io*

- Enables organizations to provide efficient solutions/services in the domain of digital assets.
- Fully customizable, intuitive, and designed to simplify how you manage your digital asset offering.
- Allow clients to incorporate all of their preferred service providers - including custodians and liquidity partners – together on a single platform.

10/2021 – 12/2021

#### SPOOKY

*Node, JavaScript, Express, MongoDB*

- It is an NFT market place to buy and sell any art work as an NFT. User can also place bid on these NFTs.

- Users will be able to connect their own metamask in order to login to our website. After login users can see their own listed and minted NFTs along with their purchase history.
- We also created admin panel through which admin can monitor all the users and NFTs available in the market place. We can also create multiple admins along with customizable roles.

10/2021 – 12/2021

### **NFTY**

*Node, JavaScript, Express, MongoDB*

- NFTY - A DeFi platform which allows user to stake NFTY tokens which are in Ethereum and Matic blockchain, to earn rewards as per the APR.
- This platform allows to advocate staked tokens for the NFTs which are listed here, that rewards the user, a particular amount of price after the NFT has been sold.
