702, Pushpak Building, Vasant Leela, Phase V, Waghbil, Thane (W), Maharastra, 400607

OBJECTIVE

Skilled and experienced React.js Front End Developer with a proven track record of successfully delivering robust and user-friendly web applications. Equipped with extensive knowledge of React.js, HTML/CSS, JavaScript ES6, and other related technologies. Seeking a challenging role as a React.js Front End Developer, where I can utilize my expertise to create innovative and visually appealing user interfaces, collaborate with cross-functional teams, and contribute to the growth and success of the organization.

WORKING EXPERIENCE

Tata Consultancy Services Ltd, Mumbai

System Engineer

02/2021 - Present

- Developed responsive web applications using React.js, HTML/CSS, and JavaScript ES6.
- Implemented React Routing to enable seamless navigation and improved user experience.
- Utilized React lifecycle methods to efficiently manage component rendering and state updates.
- Collaborated with back-end developers to create RESTful APIs using Node.js, enhancing the application's functionality and enabling efficient data retrieval.
- Worked with MySQL databases, ensuring smooth integration and efficient data storage and retrieval.
- Conducted code reviews and performed debugging and troubleshooting to ensure high-quality, bug-free code.
- Implemented state management solutions like Context API to effectively manage and share data across components.
- Maintained and updated existing codebase, optimizing performance and implementing new features as required.
