

Priyanka Rudgi

FULL STACK DEVELOPER

Address: Kothrud, Pune

9130833321 | priyarudgi1021@gmail.com | <https://www.linkedin.com/in/priyanka-rudgi-69b044208>

Personal Profile

Passionate full-stack engineer with 1+ year of hands-on experience in developing scalable websites/applications using skills JavaScript, React JS, Express JS, NODE JS, Feathers JS, MONGO DB, HTML CSS. Looking to further enhance AngularJS, MySQLDB skills as the future full stack developer.

Work Experience

Successive Digital

Pune, India

Associate Engineer

Dec 2021- Present

- Collaborated with cross-functional teams to gather requirements, design, and develop applications.
- Implemented unit testing frameworks and performed manual application testing to ensure high-quality deliverables.
- Managed and updated Mongo database to ensure smooth operations and improved performance.
- Development and management of well-functioning databases and applications, ensuring scalability and reliability.
- Utilized technologies such as ReactJS, JavaScript, ExpressJS, NodeJS, MongoDB, HTML, and CSS to develop robust and scalable applications.
- **Technical Skills:** ReactJs, Java script, ExpressJs, GraphQL, MongoDB, HTML, CSS, Bootstrap
- **Soft Skills:** Teamwork, Time Management, Communication, Presentation skills.

Projects

Dentsu

- Worked on backend, middleware using gql, and UI development, ensuring smooth end-to-end functionality.
- Experienced in developing and executing test cases using Jest framework for backend, graphql and UI (React Testing Library).
- Demonstrated ability to resolve bugs and troubleshoot issues, ensuring optimal performance and user experience.
- Proactively implemented new features and enhancements based on project requirements.
- Strong understanding of GraphQL architecture and its integration with backend systems, optimizing data retrieval and manipulation.
- Implemented responsive and user-friendly UI components using React.js, ensuring seamless user interactions and modern design principles.
- Prioritized performance optimization techniques, including code refactoring and query optimization, for enhanced system efficiency.
- **Technical Skills:** React JS, Javascript, MongoDB, GraphQL, Express JS, HTML, CSS

SAAL

- Developed and maintained both the backend and UI components of web applications in the MERN stack.
- Successfully resolved bugs and issues in the codebase, improving the overall performance and user experience.
- Worked closely with project requirements to implement new features, ensuring the application met client expectations.
- Utilized caching techniques to optimize data retrieval and storage, resulting in faster download speeds for files within the project.
- Implemented a versatile color theme functionality, including light and dark modes, to enhance visual appeal and user customization options.
- **Technical Skills:** React JS, feathers JS, JavaScript, MongoDB, HTML, CSS, Bootstrap

Feedback Management System

- Developed a full-stack web application using Express, Server, and React to facilitate training processes within an organization.
- Developed performance tracking functionality, enabling users to view their performance based on the given ratings and feedback from others.
- Configured the application to direct each user to their respective pages based on their assigned roles, ensuring a streamlined user experience.
- Deployed the application on Heroku, ensuring accessibility and availability to users at all times.
- Showed commitment to continuous learning and improvement, actively staying updated with the latest technologies and best practices in web development.
- Contributed to the organization's training processes by developing a robust and efficient application that improved the overall training experience.
- **Technical Skills:** React JS, Javascript, MongoDB, GraphQL, Express JS, HTML, CSS

Skills

Programming Languages NodeJS, JavaScript, Bootstrap, C/C++, HTML, CSS, Bootstrap

Databases MongoDB, SQL.

Framework and others ReactJS, ExpressJs, GraphQL, Git, Jira.

Soft Skills Time Management, Teamwork, Problem-solving, Documentation, Engaging Presentation.

Achievements

Enthusiastic Learner Award

During my training period, I was honored to receive the Enthusiastic Learner Award in recognition of my exceptional dedication and enthusiasm for learning. It showcases my commitment to personal growth and serves as a testament to my ability to actively pursue knowledge and contribute to the success of any organization or team I am a part of.

Certifications

MongoDB certificate(MongoDB University): MongoDB basics, Aggregation Framework, Aggregation Framework, Authentication and Authorization.

GraphQL certificate(Apollo Graph): Graph Developer Associate and Professional

Education

PES Modern College of Engineering

Pune, India

- MCA Engineering (Master of Computer Application)

July 2019 - July 2022

Deogiri College

Aurangabad, India

BCA (Bachelor's of Computer Applications)

Jun 2016 - Jun 2019

J.E.S. College

Jalna, India

High School (12th)

Jun 2015 - Jun 2016

Languages

English, Hindi, Marathi, Kannada
