

# Rishabh Pardeshi

Front-End Developer with leadership and meaningful contributions to teams of varying size and scope. With thorough understanding of UI/UX and ability to collaborate effectively with senior developers, ready to apply my passion for coding to a talented engineering team to develop quality solutions.

## WORK EXPERIENCE

### **MarsTech**, Pune — Frontend Developer

February 2021 - Current

- Translated 100+ UI/UX designs to code, resulting in visual elements of the application.
- Participated in the entire lifecycle of 4 projects from drafting a technical specification, to releasing in production, and everything in between.
- Pair programmed with 4 engineers, and reviewed team's code to provide additional perspective and catch previously missed errors.
- With strong foundation in UX and UI, designed and developed highly-responsive Mobile-First layouts using React concepts.
- Collaborated with back-end team members to integrate REST API.
- Worked in an Agile, collaborative environment with senior developers to Resolve/Debug program errors.

### **Triostelar Technologies**, Pune — Frontend Intern

August 2020 - February 2021

- Assisted in building beautiful user interfaces for clients without compromising functionality for aesthetics.
- Rewrote HTML to meet industry and company standards for SEO and Accessibility.
- Maintained 30+ web pages and marketing materials under direction of UX manager and development team.
- Created documentation for MaterialUI that prevented the need for 1-week onboarding course.
- Communicated nuanced ideas to implementation team and feature creation team.
- Kept up with best practices, and improved 3 websites to provide an optimal experience for customers.
