EXPERIENCE

Adwebsoft, Bhavnagar - Intern

May 2019 - June 2019

- Learned the basic foundation of Web Development.
- Built a static-responsive medical website, which helps user find hospitals or clinics nearby based on the area provided

WebMobTech, Ahmedabad - Software Engineer

Oct 2021 - Present

- E-commerce Application: As a key member of the development team, I played a pivotal role in the successful implementation of various cross-functional requirements in an e-commerce application. Through effective coordination and collaboration with different teams, I ensured that their needs and objectives were met efficiently. Additionally, I made significant contributions to bug fixing and optimizing the overall workflow, enhancing the application's performance and user experience.
- Steel Website: As an independent developer on a steel website project, I shouldered the primary responsibility of adding new features to the platform. With my expertise and dedication, I successfully incorporated a range of innovative functionalities, improving the website's capabilities and enhancing its value proposition. Throughout the development process, I demonstrated a strong sense of ownership and delivered high-quality solutions, contributing to the overall success of the project.
