EXPERIENCE

Sr. Mobile App Developer at Yudiz Solutions, Ahmedabad

Aug 2022 - Till date

Software Engineer at Intelivita, Ahmedabad

Oct 2021 - Jul 2022

Software Engineer at Synoverge Technologies, Ahmedabad

Dec 2018 - Oct 2021

PROJECTS

HEI Insurance App - Android

Native android application which was a merger of two applications of HDFC. I mostly worked on the design part and some of the API implementation part as well.

Talent Base - Android

Both side applications for Chefs and Clients where clients can explore and book chefs for jobs, see timesheets for the jobs and make payments. Whereas chefs can see various jobs, clients, and apply for the jobs.

Sky Shuttle Bus - Flutter

Flutter application where users can see bus timetables for various routes. It is a project of Sky Group of Companies(U.K.).

CoVerify - Flutter

Covid tests results registration & verification application where users can submit results and admin can verify those results so that they can be used anywhere it is required to show covid -ve test results.

EDUCATION

L. D. College of Engineering, Ahmedabad
