PERSONAL DETAILS

Father Name: Girdharbhai Solanki
Mother Name: Shardaben Solanki
Date of Birth: 19th June 1991
Marital Status: Married

PROFESSIONAL EXPERIENCE

Senior Android & Flutter Developer

Samcom Technobrain | May 2019 – Present

Senior Android Developer

JScope Technologies | June 2017 – May 2019

Android Developer

Specific Step | March 2017 – May 2017

Junior Android Developer

NKconnect Infoway | June 2014 – February 2017

Summary

- I am proficient in various development tools including Android Studio, VS Code, and NetBeans, as well as project management platforms such as Jira and Slack. I am also experienced in version control systems like GitHub, GitLab, and Bitbucket, and agile project management tools such as Pivotal Tracker and GitScrum. In addition, I have worked with Firefoo and Firebase for app development, and have experience integrating various payment gateways and social login features into mobile applications.
- Designing and implementing complex user interfaces and features for native Android apps, using Kotlin, Java, and other programming languages as needed.
- Developing cross-platform mobile applications using the Flutter framework, including custom widgets and animations, RESTful APIs, and platform-specific integrations.
- Collaborating with designers, project managers, and client to create user-friendly mobile experiences.
- Troubleshooting and debugging code, optimizing app performance, and ensuring adherence to coding standards and best practices.
- Developing an Android and Flutter app from scratch, which included requirement gathering, app testing, and publishing app on Play Store.
