PROFESSIONAL SUMMARY

As a React developer, I have a solid understanding of JavaScript and a proven ability to develop dynamic and interactive web applications. With expertise in React.js and its ecosystem, I am skilled in creating reusable components and efficiently managing application state. I am well-versed in modern frontend tools and technologies, such as Redux, React Router, Material UI, CSS. With a continuous learning mindset, I am always eager to explore new concepts and stay updated with the latest industry best practices.
